IMPORTANT NOTICE: Due to disruptions in the global supply chain, the TD-150 and TD-150s inline fans are **currently unavailable**. Please see several options below for alternatives.

We are now offering a 7% discount on the PRF-150 off list price (from \$212, now \$197). If choosing the PRF-150, the PF-BRKT needs to be purchased. Please note that the PRF-150 can have minimal vibration when in operation.

Please also know that the TD-200 is now at a list price of \$228 (same as TD-150).

We do apologize for the inconvenience and we will keep everyone informed of any updates.
