

# ENERGY RECOVERY VENTILATORS

To protect the two most valuable investments of your life, your home, and your family, improving indoor air quality is key. S&P's TR Series for all climates, exhausts stale room air and brings fresh outdoor air back into the home.

## TR

Total Recovery for All Climates

## TRe

Total Recovery with EC Motor

## TRC

Total Recovery for All Climates in Commercial Applications

## TRCe

Total Recovery with EC Motor for All Climates

\* S&P has developed the Ecowatt® standard to classify energy-efficient products that use EC or DC motors. Models that fall under this standard have a certified performance through AMCA or HVI. If the products designed for residential applications the model must be ENERGY STAR® qualified.
