

ADVANCING VENTILATION®

THE FAN FLYER

SEPTEMBER 2023

UNIQUE BUILDINGS REQUIRE UNIQUE SOLUTIONS

Mixed-Use buildings combine residential living with shopping, entertainment, and dining to provide a convenient planned community. The mix of residential and commercial uses requires a unique ventilation solution.

S&P USA offers a vast line of ventilation products for Mixed-Use Buildings. Our Product Application Guide provides a clear blueprint for how S&P USA products can be used to create a ventilation solution. Download today: <https://www.solerpalau-usa.com/applications/mixed-use.html>

RENOVATIONS IN OUR PLANT

We want to extend a special thank you to the team members who volunteered over a weekend to renovate our plant breakroom! Your hard work is greatly appreciated by all of our employees. We can't wait to spend breaks in this relaxing space for years to come.

AFTER

FORE!

This month, our sales team had the pleasure of hosting the Jordan & Skala Engineers' Tampa team at Top Golf! Thank you to JSE for joining us!
